The Challenge

- There is a wide gender gap in education in Cameroon. Between the ages of 6 and 14 only 80% of girls attend school in comparison to 94% of boys.
- In Cameroon, the legal age to get married is 18 and 21 for boys.
- The crises in the North-West, South-West and Far-North regions have exacerbated all forms of gender-based violence (GBV), including forced marriages and sexual violence.
- The crises in Manyu Division has disrupted and forced many girls to drop-out of school.
- Many of them, orphans, and the underprivileged women have become vulnerable to physical and sexual gender-based violence (GBV).
